121. *The use of voting machines so constructed as to furnish a printed or photographic record of the setting of the counters and the numbers registered thereon by voting is hereby specifically authorized, provided, that the machine is constructed to furnish at least as many printed or photographic copies as the number of return sheets required by Section 131 of this Article.*

Every voting machine acquired or used [as above provided] in accordance with this Article shall:

(a) Provide facilities for voting for such candidates as may be nominated and upon such questions as may be submitted;

(b) Permit each voter, in one operation, to vote for all the candidates of one party for presidential electors;

(c) Permit each voter, at other than primary elections, to vote a ticket selected from the nominees of any and all parties and from independent nomination;

(d) Permit each voter to vote at any election, for any person and for any office for whom and for which he is entitled to vote, and to vote for as many persons for an office as he is entitled to vote for, including a substantial compliance with the provisions of Section 94 of this article; and to vote for or against any question which appears upon a ballot label;

(e) Preclude each voter from voting for more persons for any office than he is entitled to vote for, and from voting for any candidate for the same office or upon any question more than once;

(f) Be capable of adjustment by election officers, so as to permit each voter at a primary election to vote only for the candidates seeking nomination by the political party with which he is affiliated, if he is affiliated with a political party and so as to preclude him from voting for the candidates seeking nomination by any political party with which he is not affiliated;

(g) Permit each voter to change his vote for any candidate, or upon any question appearing upon the ballot labels, up to the time he begins the final operation to register his vote, or indicates an intention to register his vote;

(h) Permit and require voting in absolute secrecy, and shall be so constructed that no person can see or know for whom any other voter has voted or is voting, save a voter whom he has assisted or is assisting in voting as prescribed by law;

(i) Have voting devices for separate candidates and questions, which shall be arranged in separate parallel rows or columns, so that, at any primary election, one or more adjacent rows or columns may be assigned to the candidates of a party, and shall have parallel office columns or rows transverse thereto;

(j) Have a counter, or other device, to be known as a "public counter", the register of which is visible from the outside of the machine, which shall show during any period of voting the total
